EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows: The last sentence in the last 3 lines of paragraph [0035] has been rewritten as follows: --In addition, the lips 32, 33 of the sealing strip are deformed upwardly from a first position (before the tire is mounted on the rim as shown in Figures 2 or 4) to a second position wherein the lips 32, 33 are positioned between the tire beads 42, 43 and the lips 12, 13 of the rim 1, respectively. --

In lines 5-6 of claim 26, the phrase "flexed upwardly" has been replaced with the phrase --deformed radially outward--.

These changes are for grammatical clarity and to more clearly define the invention.

Allowable Subject Matter

3. Claims 1-9, and 11-27 are allowed.

4. The following is an examiner's statement of reasons for allowance: The prior art does not teach or suggest a sealing strip having a pair of laterally inwardly extending

lips that are positioned radially inwardly of the laterally opposed lips of the flanges of the rim.

For example, Nakasaki does not show a sealing strip having laterally inwardly projecting lips. Furthermore, the projecting lips of Sacks are not part of a sealing strip, but a tire clamp device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The Koziatek reference shows a sealing strip for a rim, but lacks the laterally inwardly extending lips as set forth in the claims.

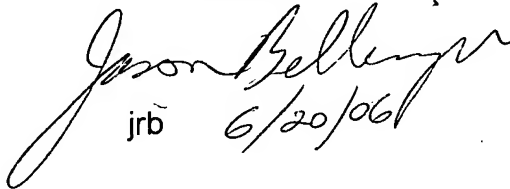

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason R. Bellinger whose telephone number is 571-272-6680. The examiner can normally be reached on Mon - Thurs (9:00-4:00).
